SPSC- Background Screening

Keeping Sport Safe!

Coaches play a vital role in ensuring their athletes are safe both on and off the field of play. Reducing and preventing acts of maltreatment is vital to enhancing a safer sporting environment that fosters positive growth and personal development for all participants.

Screening involves much more than just police record checks. While police record checks are one of the important steps, screening is a comprehensive process that begins long before an individual is selected and continues beyond his or her involvement with the club.

The Shahph Puma sports Club (SPSC) annually executes the screening of each member of our coaching staff (ie. coaches, assistant coaches, managers) through the Peel Region if police's Screening Records process. The SPSC is committed to providing a safe environment for all of our club participants.

Which Screening Check is executed?

Criminal Records Check (CRC)

This process verifies whether an individual has a criminal record (local and nationally) and provides the applicant with the detailed information that can be legally disclosed.

Vulnerable Sector Check (VSC)

For individuals who are working with a vulnerable sector (such as with minor athletes or with persons with a disability), which also searches for the existence of any pardoned sex offenses.
